I. R. Vance and son, Oscar, of Springs, Idaho, are down for a visit with his son, Reno and

and Mrs. Lawrence Hutchings, of Logan, are here visiting with parents, Mr. and Mrs. Lawrence

ings, Sr.

Ida Mann is home from a short visit with her sister, Florence Erhbar, Salt Lake. Mrs. Erhbar has been ill, but is much better now.

Following from the La Jare is about the roughest we yet heard on the Ford auto: "It was an old man and he had a wooden leg, he had no money and wouldn't beg. He had a piece of a 12-inch board, says he to himself, 'I'll make a Ford.' A gal of gas and quart of oil, and a of wire to make a coil; Four spools and an old milk can, he hammered together and the d-m

he snow and cold frosty weather brought out all the cutters and sleds and bob-sleds about American Fork; the boys with their sleds are having a jolly time, and the evenings made musical with the jingle of bells, accompanied by songs and happy voices. This is the first sleighing has been in use this season in this vicinity, and the weather is winter weather, clear, cold and

The popular way to conduct a newspaper or to preside in a pulpit is to always commend your readers or parishioners, pat them on the back and tell them how splendid they are doing. People do not like to hear of their mistakes or short-comings, and it takes moral courage and a firm sense of duty to tell people of their errors and mistakes. It is by no means the course of least resistance, and moral courage will cover up their own delinquency by deriding the course of those who do take a stand for moral and right. "I wouldn't tell any of the bad things," they are wont to say. The Citizen is not a sycophant while we are never happier than when praising some worthy and commendable act, yet neither do we shrink our duty when it comes to condemning a wrong. As a result, some people don't like us, but if you will scrutinize them closely you will find as a rule they are persons whose own actions will not endure the light of

publicity, and they fear as well as dislike an honest exponent of the right.

Dr. and Mrs. P. M. Kelly were Salt Lake visitors Monday.

Mark Dunkley has been down from Salt Lake to spend the week visiting with his brother, Joe.

More Receipts From
Autumn Festival

A final settlement from the Autumn Festival was made by the committee this week. When all accounts were in, and all collections from the various sources were reported, it was found that there was yet a balance of \$13.65, which was turned over to the Stake Tabernacle choir for the purchase of books.

Previously there had been distributed to each of the four wards a check for \$160, which would bring the grand total of net receipts to \$653.65. This closes the work of the committee.

Games of Chance
Ordered Discontinued

This week, under instructions, the City Marshal ordered all the games of chance out of the confectioneries, drug stores and other places where they were being operated. The punching boards and number drawing schemes have grown very numerous during recent months until in some instances they were the principal source of revenue of the store where they were being operated. It was no uncommon thing for a boy to drop in and spend several dollars for candy, chewing gum or post cards, that had a value of a few cents, with the hope of winning something of a greater value. The practice was said to be growing to such an alarming extent, that as one man complained to the Mayor, "they had become kindergarten gambling dens for boys." As their operation was clearly in opposition to the city ordinances the city officials decided to close them out.

Parents' Classes Meet
Conjointly Tomorrow

Sunday (tomorrow) in the City Hall at 11 o'clock. Prof. Richard R. Lyman of Salt Lake City, will talk to the combined Parents' classes of American Fork on betterment work. The classes in the four wards will all dismiss at 10:30, so as to give the members sufficient time to get to the City Hall.

Tomorrow is betterment day in all the Sunday Schools of the church, and this city is fortunate in being able to get a speaker of Prof. Lyman's ability.

HAS PNEUMONIA

Mr. John O. Adams, who has called American Fork his home for a great many years, but who has for some time past been a resident of Bingham, where he is employed in a responsible position with the Utah Copper Company, is quite ill with pneumonia in St. Mark's hospital in Salt Lake City. Mr. Adams spent the Christmas and New Year's holidays in American Fork with his family, leaving on Monday for his work in Bingham. During the extreme excitement that prevailed in Bingham in account of the bank robbery that day, Mr. Adams was exposed to the element weather, with the result that pneumonia developed, and he was hurried to the hospital. At last accounts, however, he is reported as being safely out of danger.

We are in our new quarters and will try to be just as true to our motto this year as we have been the past.

Our Slogan: Treat all customers right.

Preparations Maturing
For Library Opening

The Public Library Committee held a meeting this week and perfected arrangements for closing up the canvass for library books, prior to the opening of the Free Public Library. The canvassing committee will have completed their soliciting for books by Thursday evening, when a meeting of all the committees will be held and a detailed report be given in. Saturday conveyances will call and collect all the books that have been donated, so that of any one has been missed it will be well for them to telephone or send word to the chairman, Mr. Alma Greenwood, who will see that their books are collected.

At an early date after the books are collected, they will be placed on the shelves in the library, and Miss Downey, the state librarian, will come here from Salt Lake City and list the books. She will also suggest a list of books for purchase, so that the choice will, with those donated, be a well rounded out one.

When this will have been accomplished there will be a formal opening of the library, with appropriate exercises, etc.

Presbyterian Church

Sunday School at ten o'clock, subject: "Deborah and Barak deliver Israel." Public worship at eleven. Visitors welcome. The World's Special Week of prayer ends with this Sabbath and Christians everywhere are urged to unite in prayer for the great causes of Missions, Education, Nations and their Rulers, Sabbath observance, Family Life. No evening service.

SEVERE KNEE CUT

What might have been quite a serious accident occurred on the school grounds Wednesday morning, when Clarence Condor, who is about fourteen years of age, and the eldest son of Mr. and Mrs. Benjamin Condor, received a severe cut on the knee. He had been playing with some boys, slipped on the ice and fell, cutting his knee badly. The assembled children were quite frightened at the profuse flow of blood, but although Dr. Kelly, who was summoned to attend him, had to take a number of stitches in the wound, there is not thought to be any danger of permanent injury.

A Wealth of Opportunity

With the coming of the New Year, there is a very decided movement on the part of the public to make preparations for the big land sales that will take place in this state this year.

The papers of the state are already telling of the movements of lands and the proposed activities that are going to take place in the various parts of the state. Among the many things that are talked of is the great interest in the establishment of a new sugar factory in Millard county, and the great advantages that are to be had there for our young men. Those who know, say that there is more choice land and more real sunny days, together with the best irrigation gravity water system, than in any part of Utah. Now if this is true, and we have every reason to believe that it is, as the crop production of the last few years has been unsurpassed in quality and value, then it is time that our young men should know this and take the opportunity to see what we have in the state before they go to another with less advantages.

There has been a steady stream of emigrants from the state of California, into the fertile lands of Delta and Hinckley for the past three years, and the end is not yet, for in our state papers there are regular reports of the new comers into our state.

Our local real estate man, Mr. Hickman, leaves this week to meet a company from California, and we are only anxious that he will be instrumental in keeping a goodly number here in the state, as we are needing men that will cultivate our barren waste and make of our state what it should be, a veritable garden.

NOTHING EXCEPT THE MIST

can make money without advertising. But injudicious advertising is a sinful waste of money.

This paper is a good puller and result getter. Give it a trial and be convinced.

Deeds, Not Words

Utah County People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills, For Utah County kidney sufferers, have made their reputation.

Proof lies in the testimony of American Fork people.

Mrs. John O. Adams, 52 Merchant St., American Fork, Utah, says: "I suffered a great deal from pains through my back and kidneys. In the morning when I got up, I was so lame and sore across my back that I could hardly drag myself about. It took Doan's Kidney Pills but a short time to rid me of these pains and aches. Three boxes made a cure and the cure has lasted for years. You may continue using the endorsement I have given Doan's Kidney Pills before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Adams had. Foster-Milburn Co., Props., Buffalo, N. Y.

EXCURSION RATES

To Colorado Springs, Pueblo, and Denver, Via Salt Lake Route.

Account National Western Stock Show, Denver. Tickets on sale Jan. 15th and 16th. Good returning until Jan. 31st. Fare from American Fork \$22.50. Ask for tickets via Salt Lake Route. 9-21

The Chipman Mercantile company has made a great change in their system of giving credit. Instead of asking the clerks to charge things to you, it is expected, if your credit is good, that you go to the office and get coupon books, that you pay for what you get with the coupon book. 9-21

Comb Sage Tea
Into Gray Hair

Darkens Beautifully and Restores Its Thickness and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, it is troublesome. An easier way to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance, and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking only small strands at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.
